

Triple Eight Professional's S.O.L. Pocket Tool

Created by famed knife designer Kirk Rexrote, the S.O.L. offers an aggressive, compact double-edged blade built around an axle-sized pivot point and is just the ticket for last-ditch emergencies — or opening your mail! The blackened 440C blade and partial serrations offer a tactical look and feel, balanced with everyday usefulness. The innovative opening method for the anodized scales is secure — and fast. The serious cutting edge and fine point, along with a secure pocket clip, puts the S.O.L. from Triple Eight Professional in the “big tool” category — in a tiny package!

Anyone who needs a discrete cutter will see the advantages of the S.O.L. Pocket Tool. Engrave-able and convenient to carry, Triple Eight's S.O.L. is only \$34.95.
